PROFILE

I am a software developer focused on writing code that is clear and efficient.
I bring to the table hard technical skills, a desire to make a project succeed, a proven ability to learn fast, and a decade of experience in decision-making and hands-on knowledge of startups.

TECHNICAL SKILLS

- Ruby	- Angular	- BDD/TDD
- Rails/Sinatra	- HTML/CSS/SASS	- Git Workflow
- JavaScript/JQuery	- Basic SQL, Java, Python	- Agile Workflow

CODING PROJECTS

2014   **PRIMO – Probabilistic Inference Modelling**
Machine Learning Rubygem
Available at github.com/sotoseattle/Grimoire
Based on the course "Probabilistic Graphical Models", by Prof. Koller (Stanford U.)
Translated and improved upon the course's code base from Octave to Ruby

2013   **CHINESE UTILITIES**
Traditional Chinese linguistic tools
Available at chunfu.herokuapp.com
A small sample of the work I developed at Xinaptic for freelance translators
Self taught the technologies used: Sinatra, PostgreSQL jQuery, and Agile workflow

EXPERIENCE

2011-2013   **XINAPTIC, LLC.**   *Co-Founder and Developer*   Seattle, WA
- Built a prototype app for professional translators that parsed
  Chinese texts with a professional-grade rate of accuracy
- Taught myself the following languages and tools to develop it:
  Ruby & Sinatra, JQuery, MongoDB & SQL, HTML/CSS

2001-2010   **ACE GLOBAL SICAV, S.A.**   *Chief Executive Officer*   Madrid, Spain
- Doubled the NAVPS (share price)
  (a publicly traded investment Co., market cap of €34 million)

EDUCATION

2014	**CODE FELLOWS**	*Certificate in Ruby on Rails*	Seattle, WA
1997-1999	**CORNELL UNIV.**	*Master in Business Administration*	Ithaca, NY
1986-1993	**UNIVERSIDAD POLITÉCNICA**	*B.S. & Master in Engineering*	Madrid, Spain
